Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	An applicant seeking a credit card.	Secure a credit card approval quickly and easily.	I am unsure if I meet the eligibility criteria and the process is slow.	Traditional bank evaluation methods take too long and are not transparent.	. Anxious and unsure about my approval chances.
