Project Name	Credit Card Approval Prediction
Maximum Marks	2 Marks

Data Flow Diagram

Create a Data Flow Diagram (DFD) to show how data moves through your system - between external entities, processes, and data stores. Use the symbol legend below as a guide.

DFD Symbol Legend

Symbol	Name	Description
Oval / Rounded shape	External Entity	Customer who submits the application; Bank Admin who manages the system
Rectangle with numbered header	Process	1. Validate User Details; 2. Run AI Credit Scoring; 3. Generate Approval Status.
Rectangle (solid fill, no number)	Data Store	Customer Application Database; AI Model Credit History Records.
Labeled arrow	Data Flow	Application Request; Customer Data; Credit Score Result; Approval/Rejection Status

Example

The diagram below illustrates how the symbols above come together to form a complete data flow diagram.

Application Request; Customer Data; Credit Score Result; Approval/Rejection Status

Data Flow Diagram (DFD): AI-based Credit Card Approval System
